Even though it discusses legal issues, it's not full of legalese. I can hardly believe it's by an attorney! But rest assured, it's full of pertinent information written in an easy-to-read style. Don't sign any contract until you've read the entire book.

If you don't want to rise and fall quickly then you must read a guide into this world. This book is exactly that, a comprehensive guide into the closed door world of the music moguls. The book by Lee Wilson is one of the best on the market, with an easy structure and understandable terms for all those who want to engage in a music industry I recommend this book for all those who want an insider's look into the industry.
