Managing The Investigative Unit - ReviewBy MWMI am in an investigative unit as a staff member, but I found I was slightly disappointed in that the book seemed to be written for newly assigned (novice) managers to an investigative unit. I eagerly recommend it for the newly assigned managers in investigative units, or others wishing to improve their basic management skills.0 of 0 people found the following review helpful. Ok, great, but...By ATrueDickThis book is very basic and has plenty of good ideas, especially for

those new as a supervisor or with no previous experience in investigations. With a even just a little time on its pretty basic start to finish. Templates are a good addition.

TOOLS AND TECHNIQUES TO SUCCESSFULLY MANAGE THE INVESTIGATIVE UNIT.
