G. T., Ph.D. Laurie, S. H. E., Ph.D. Harmon, G. Porter : Mason and McCall Smith's Law a before purchasing it in order to gage whether or not it would be worth my time, and all praised Mason and McCall Smith's Law a:

0 of 0 people found the following review helpful. Excellent! New material from the previous edition is well ...By Donald W. ToewsExcellent! New material from the previous edition is well worth the cost and addition to your library of Medical Law and Ethic resources.

This classic textbook has provided students of medical law and ethics with a framework for exploring this fascinating subject for over 30 years. Providing coverage of all of the topics found on medical law courses, it gives an overview of

the inter-relationship between ethical medical practice and the law. Medical law is significantly shaped by the courts, and as such this book provides extensive coverage of recent judicial decisions as well as statutory developments. This book has continually evolved to reflect changes in the law and shifting ethical opinions and the tenth edition continues to fulfil this remit.

An excellent textbook: the content is clearly argued, well-referenced and interesting to read. - BMA Medical Book Awards
The content is excellent. It is the most accessible yet comprehensive textbook I am aware of on this subject. - BMA Medical Book Awards
