George W. Kuney, Donna C. Looper : Mastering Intellectual Property (Carolina Academic Press Mastering Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mastering Intellectual Property (Carolina Academic Press Mastering Series):

0 of 0 people found the following review helpful. Answering Your IP Questions By Clinic Professor I have used this book as a resource in a Law School Business Clinic, both for instructional purposes and as a reference source when

solving practical IP issues for our business clients. I recommend this book for law students, practicing attorneys, as well as entrepreneurs who want to get a thorough understanding of the law and process when dealing with patent, trademark and copyright issues. Mastering Intellectual Property is a bargain at twice the price.

Mastering Intellectual Property is a practical guide to the intricacies of trade secret, patent, copyright, moral rights, trademark, and related fields of intellectual property law. Less detailed than a multi-volume treatise, and aimed at an interested but novice audience, the book describes and then illustrates each of these separate but related areas of law, comparing and contrasting their distinct features, uses, benefits, and shortcomings. The book features clear statements of the applicable rules and standards of these intellectual property and follows each with illustrative examples that demonstrate the application of the abstract law to concrete facts. The book is an indispensable aid and supplement to anyone seeking to master the broad spectrum of intellectual property law.
