Abdulsalam Hashir : Matrimonial Issues among Yoruba Muslims of Nigeria before purchasing it in order to gage whether or not it would be worth my time, and all praised Matrimonial Issues among Yoruba Muslims of Nigeria:

The book deals essentially with the matrimonial matters ranging from marriage, divorce, paternity and family maintenance. It abhors divorce in all its ramifications. It encourages sustainability of marriages and absolute

maintenance of the issues involved. It warns Muslims against frivolous marriage dissolution particularly as regards the effect of such dissolution of marriages on the immediate family, nucleus family and the generality of the society.
