**Edward Burn, Graham Virgo : Maudsley Burn's Trusts Trustees Cases Materials** before purchasing it in order to gage whether or not it would be worth my time, and all praised Maudsley Burn's Trusts Trustees Cases Materials:

Maudsley Burn's: Trusts and Trustees Cases and Materials links a wide range of cases and materials with a supporting explanation and commentary to promote a deeper understanding of the subject. It is an essential reference source for both students and practitioners with excellent footnotes and references to ensure the reader has access to all the most relevant primary and secondary sources.The seventh edition has been fully revised and updated to reflect the rapid

developments in this area since the last edition published in 2002. The key updates to this seventh edition include detailed coverage of the Charities Act 2006; a new chapter on equitable remedies; the chapter commentaries have been expanded to include more explanation that draws out the key points; the popular self-assessment questions have been expanded.
