McGraw-Hill Education, Curriculum Technology : McGraw-Hill's Torts for Paralegals before purchasing it in order to gauge whether or not it would be worth my time, and all praised McGraw-Hill's Torts for Paralegals:

0 of 0 people found the following review helpful. Five Stars By Customer This book was in great condition! 2 of 2 people found the following review helpful. Great book for pre-law paralegal students By Barbara A. Calzola Bought for school for my daughter. She really liked the text. She plans to keep the book and use it as a reference book in her career.

Torts for Paralegals explores the wide variety of civil wrongs that can harm an individual and the remedies available to that injured party. Utilizing many practical learning tools, the text is a step-by-step approach in understanding private harms and proving their prima facie elements. The text is written in a very concise and sequential manner, beginning with intentional torts, continuing through the steps of negligence, and finishing with the different liabilities and agency

law. The many practical assignments allow students to enjoy the study of torts and apply it to their work as practicing paralegals. The Paralegal Supersite Site
