**Vicente Franklin Colon, MD, James Scheper, JD, Nicholas Bunch : Medical Malpractice Risk Management 2nd edition** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Medical Malpractice Risk Management 2nd edition:

A physician executive and two trial lawyers have collaborated on this thorough, easy-to-read trip through the entire medical malpractice minefield, from notification of a lawsuit through its final settlement. The goal of the authors is to ensure that the physician defendant is aware of all the potential traps in the litigation process. The book arms the

physician defendant for all stages of the process and provides an understanding of exactly what each of those stages is meant to accomplish.
