Jorge A. Vargas : Mexican Law for the American Lawyer before purchasing it in order to gage whether or not it would be worth my time, and all praised Mexican Law for the American Lawyer:

Three special features make this book unique in many respects. First, the book has been written by an eminent group of Mexican practitioners and academicians recognized in Mexico for their legal expertise. These are attorneys working for prestigious law firms in Mexico who wrote their chapters having in mind the professional interest of American lawyers. Second, each of its seventeen chapters discusses a Mexican legal area commonly found in decisions rendered

by state or federal courts in our country. These areas include personal injury, contracts, Fideicomisos, real estate, companies, Maquiladoras, promissory notes, family law, conflict of laws, letters rogatory, enforcement of judgments, etc. And third, most chapters include a legal glossary, a specialized bibliography and samples of practical Mexican legal documents. The book is current, well-written and has been prepared for the practical benefit of legal practitioners, judges and government officials who handle legal matters involving Mexican law, including business and law students. Mexican Law for the American Lawyer has been edited and co-authored by Prof. Jorge A. Vargas, a prolific author on Mexican law from the University of San Diego School of Law.

"Whether a researcher is a seasoned Mexican legal scholar or new to the subject, tools that are laid out well, written by experts, and concisely written are always welcomed but not always available. This particular publication is one of the best structured books I have seen recently. If you deal with Mexican law you should consider having this one on your shelf." --Legal Information Alert
