Roger M. Milgrim : Milgrim's Guide To IP Licensing before purchasing it in order to gage whether or not it would be worth my time, and all praised Milgrim's Guide To IP Licensing:

The value of IP licensing is growing, but until now there's been nothing in the marketplace to provide the necessary level of detail and professional analysis regarding these unique agreements. For the first time anywhere, Roger Milgrim shares his in-depth, detailed analysis of "what works and why" when drafting IP licensing agreements. Only

Milgrim's Guide to IP Licensing enables you to: Recognize the licensing plusses and minuses of each form of IP
Avoid costly pitfalls in drafting Bring focus on methods and techniques to advance your clients interests Effectively
optimize the value of your clients' IP assets Follow Roger Milgrim's personal, proven approach for negotiating and
drafting effective IP licensing agreements, on either side of the license Roger Milgrim's unparalleled guidance is
designed to enhance the transactional skill of IP lawyers and supplement the IP knowledge of transactional lawyers.
Milgrim's Guide to IP Licensing is a directly written, professional resource delivering practical, proven and expert
guidance that enables you to: Master each provision in IP licensing agreements Focus on the grant, royalty,
improvements and other key provisions Increase your awareness of how boilerplate provisions can be a pitfall
Understand the reasons behind certain licensing provisions, so you know when and when not to apply them Exploit
and protect valuable IP assets Successfully negotiate necessary language in your agreements Follow hundreds of
examples with practical explanations of licensing techniques Develop greater knowledge of the ways in which other
practice areas impact licensing law, including contract, bankruptcy, business entity, antitrust, tax, securities, dispute
resolution (arbitration), and mergers and acquisitions Navigate the America Invents Act with regard to process
licensing--and understand the potential risks in the new "first to file" system Avoid the often unperceived pitfalls of an
agreement's arbitration clause Manage the tax treatment of royalties for both licensor and licensee
