I like the articles spread throughout, and the cases the author chose are entertaining@0 of 0 people found the following review helpful. Text in great condition!By Live31As described and promptly shipped! Thank you!0 of 2 people found the following review helpful. Inaccurate descriptionBy JulieThe edition of the book was incorrect. Item is depicted as 6th Edition, which is why I purchased it, but I received the 5th edition. Looking for a

way to get a refund because I had to purchase the 6th Edition to remedy this error!

Modern Family Law reflects the social diversity of the modern family as it examines the legal impacts of the women's movement, the children's rights movement, the fathers rights movement, domestic violence, changing sexual mores, nontraditional family forms, and developments in reproductive technology. Integrating valuable interdisciplinary perspectives, the text includes excerpts, notes, and questions emanating from history, psychology, sociology, social work, medicine, and philosophy. A variety of problem exercises, most derived from actual cases and current events, covers cross-cutting themes as well as the basics of family law. Human-interest stories that complement the cases heighten student awareness of the real impact of the law on people's lives. Modern Family Law easily adapts to shorter or longer courses. The Sixth Edition offers contemporary perspectives on family law theory and covers new developments on such topics as alienation of affections, adoption, assisted reproduction, attorneys sexual ethics, bigamy, child abuse, child custody and support, divorce, domestic violence, grandparents visitation rights, names in the family, parentage, premarital agreements, and reproductive rights. The text features major coverage of developments on same-sex marriage, DOMA, and other issues of equality for gay and lesbian families. The decline of marriage and the rise of new conceptualizations of family are explored along with the return of the culture wars, including political disputes about contraception.
