John M. Wood : More Successful Divorce in Alabama (Successful Divorce series, The) before purchasing it in order to gage whether or not it would be worth my time, and all praised More Successful Divorce in Alabama (Successful Divorce series, The):

This updated guide to all aspects of divorce in Alabama provides detailed information on avoiding or seeking a divorce, how to deal with the division of personal property, and what to do about children. Included is information on new laws on the relocation of children of divorce and access to children by grandparents and other family members and friends. Vignettes and informational tidbits from attorneys in other areas of the law such as taxes, estate planning, and business litigation, as well as from financial planners, certified divorce planners, therapists, real estate experts, and private investigators, help individuals emerge from a divorce emotionally and financially intact.
