Michael G. Trachtman Esq. : My Will Book before purchasing it in order to gage whether or not it would be worth my time, and all praised My Will Book:

Who needs a Will? Everyone! Without this legal document, youll have no control over where your assets go. Fortunately, theres a simple way to draw one up. Written by a well-respected lawyer, this guide contains an actual Will, with perforated pages to remove and file. Complete with Health Care Power of Attorney, it takes less than an hour to complete, is legal in every state, and can save thousands of dollars in lawyers fees. Each chapter walks you through a specific section of the Will, explaining the pros and cons of available alternatives; the actual pages of the Will follow, with space to insert personalized provisions. Among the issues discussed: creating an asset inventory,

choosing an executor, making cash and property bequests, creating a trust, payment of debts, and more.
