YOU HAVE TO BUY THIS!!!!By GennyYou can know the material all day long but knowing HOW the material is covered it the key! When you have this book, you get to see how the test questions are worded so you can apply your knowledge accordingly. It is also an eye-opener. You get to see some of the not-so-ordinary vocabulary that is on the test. I feel completely comfortable about taking the test now that I have this book (and the companion Review Manual).SO, my suggestion (this is what I'm doing): Buy this book (edition doesn't matter), buy the CLA Review Manual (mentioned in this book), and divide it up to match up with your classes. It makes a great study tool for class and then you learn as you go. Come graduation, I plan on taking and acing the test!

Designed as a self-study tool, NALA's CL/CP Study Guide and Mock Examination, third edition will help sharpen test-taking skills. This study guide offers details and tips for taking the CLA Exam, as well as a series of self-tests for each exam category. The end of the book contains a CLA mock exam with an answer key.
