praised National Treatment and WTO Dispute Settlement: Adjudicating the Boundaries of Regulatory Autonomy:

The perceived impact of WTO law on the domestic regulatory autonomy of WTO Members is increasingly becoming the subject of controversy and debate. This book brings together in an integrated analytical framework the main WTO parameters defining the interface between the WTO and domestic legal orders, and examines how WTO adjudicators, i.e. panels and the Appellate Body, have construed those rules. A critical analysis identifies the flaws or weaknesses of these quasi-judicial solutions and their potential consequences for Members' regulatory autonomy. In an attempt to identify a more proper balance between WTO law and regulatory autonomy, it develops an innovative interpretation of the National Treatment obligations in GATT and GATS, drawing upon compelling arguments from legal, logic and economic theory.

His book is a thought-provoking addition to the body of work that considers the polarization between States and the potential Frankenstein they have created to govern their trade relations. Rajesh Pillai World Trade May 2003 Gaetan Verhoosel's book provides an important new contribution to the long-standing debate over the proper application of the national treatment obligation. [It] provides a fresh look at these issues, and offers some important insights into how the difficulties in applying the national treatment principle could be resolved.
