**From Edwards Alice : Nationality and Statelessness under International Law** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nationality and Statelessness under International Law:

Written by leading experts, Nationality and Statelessness under International Law introduces the study and practice of 'international statelessness law' and explains the complex relationship between the international law on nationality and

the phenomenon of statelessness. It also identifies the rights of stateless people, outlines the major legal obstacles preventing the eradication of statelessness and charts a course for this new and rapidly changing field of study. All royalties from the sale of this book support stateless projects.

"Nationality and Statelessness under International Law provides a careful analysis of what it means to be stateless, the causes of statelessness, and how international law has historically dealt with the problem. Calling on authors who possess extensive experience in international law, research, and practice, the book provides insights as to how international law can best address and prevent the problem of statelessness ... Moreover, the book takes an accessible, practical approach to explaining the international legal framework and provides solutions for preventing and addressing the problem of statelessness. The book would be a suitable resource for a broad range of readers wanting to learn more about this evolving area of international law. Scholars, researchers, practitioners, instructors, and students would all find it to be an edifying source of information." David S. Weissbrodt and Kurt A. Meyer, *Human Rights Quarterly*

About the Author Alice Edwards is the Senior Legal Coordinator and Chief of the Protection Policy and Legal Advice Section at the UNHCR, Geneva. She is also Research Associate at the University of Oxford's Refugee Studies Centre and Fellow of the University of Nottingham's Human Rights Law Centre. Laura van Waas is the founder and manager of the Statelessness Programme at Tilburg Law School, The Netherlands.
