**From Springer : Neurolaw: An Introduction** before purchasing it in order to gage whether or not it would be worth my time, and all praised Neurolaw: An Introduction:

This volume illustrates to the public, and legal experts, the basic principles of the field of neuroscience, that commonly goes under the name of Neurolaw. First, it illustrates the relationship between neuroscience, natural sciences and

social sciences. Furthermore, it highlights numerous problems concerning the fundamental philosophical concepts used by Neurolaw and evaluates the validity of the method and the limits of a neuroscientific approach to the problems of law and justice.
