Well Written, Comprehensive BookBy Rebecca SarsfieldI am responsible for handling the state registrations for a national nonprofit, and this book does exactly what it sets out to do in clear and concise manner. It does not teach you HOW to fundraise. It teaches you how to make sure your organization is in compliance to be allowed to fundraise nationwide no matter where your nonprofit is located in the US. A much needed book.0 of 0 people found the following review helpful. Great investmentBy Kelsey ElkeThis book was very helpful for registering in multiple states and knowing what will be needed for the annual filings/renewals.I would recommend to any one in the nonprofit segment who files in multiple states.0 of 0 people found the following review helpful. Helpful - still need to research for updated information.By Lori GonzalezOverall

this book is helpful, but some details seem to contradict other details and it is sometimes necessary to contact individual states for updated information. It is nice to have as a guide.
