Scott Childs : North Carolina Legal Research (Carolina Academic Press Legal Research Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised North Carolina Legal Research (Carolina Academic Press Legal Research Series):

0 of 1 people found the following review helpful. Not what I wanted. Will not be used. By Sue Pierson This book foes

not contain any info I can use. It is written for a student doing a research paper, not for simple informational purposes. Thanks anyway.

North Carolina Legal Research is devoted to explaining the process of legal research for people searching for the law in North Carolina. The book uniquely incorporates North Carolina sources of law and related strategies into a logical legal research process. After initial discussions of legal research and analysis, and the research process, the book's chapters generally follow a basic research process including North Carolina administrative law, case law, statutory law and secondary sources. Additionally, methods of finding North Carolina legislative history, court rules, and rules of ethics are included in the text. While the book is substantially focused on the process of legal research incorporating North Carolina legal information sources, some discussion of federal legal information sources is included for instances when federal information would be relevant for research in North Carolina. North Carolina Legal Research is designed for teaching legal research to students in law school, either in the first year or in an upper level research course; however, practitioners, paralegals, librarians, college students and even laypeople might find it helpful. The book includes descriptions of a wide range of legal information sources including free, government internet websites, lower cost websites, as well as premium online services and books. North Carolina Legal Research is part of the Carolina Academic Press Legal Research Series.

About the Author Scott Childs is a Clinical Professor of Law and the Deputy Director of the Law Library at UNC School of Law.
