It reads like a DMV handbook but it contains everything it should. It is easy to follow and fulfills its objective. If you want to become a notary, this book can help get you there.2 of 6 people found the following review helpful. National Notary is an inept organizationBy DianeFirst, no one speaks English as their primary language in their customer service or insurance division. I paid for 2 day delivery, my order was received 7 (SEVEN!) days later!!! My name was mis-spelled. I tried to reach a supervisor and was told everyone in the entire company in a supervisory level was in a meeting. DO NOT DO BUSINESS WITH THIS ORGANIZATION!

Newly revised and updated, its lessons include simple and complete explanations of everyday notarial procedures from basic concepts to the complex ethics of travel fees, advertising our services and more.
