Springhouse : Nurse's Legal Handbook before purchasing it in order to gage whether or not it would be worth my time, and all praised Nurse's Legal Handbook:

0 of 0 people found the following review helpful. Fair but needs updatingBy Kindle CustomerAs a Leagle Nurse Consultant I would like to fine more up to date information, especially in documentating cases0 of 0 people found the

following review helpful. I returned it as it was not the edition that I orderedBy Suzie QThe edition I needed for my Continuing Ed Class was clearly listed as being for sale on . When I received my order, the book was a MUCH earlier edition and I could not use it. Return was uneventful however. Thank you for that0 of 0 people found the following review helpful. Five StarsBy YDMVery helpful book!

The newly revised Fifth Edition of this handbook is an up-to-the-minute, authoritative guide to the legal and ethical issues faced daily by nurses. Replete with real-life examples and information from hundreds of court cases, the book covers the full range of contemporary concerns, including computer documentation, cloning, stem cell research, pain management, euthanasia, prescribing, privacy, and confidentiality as well as the nursing shortage. New topics include workplace violence and harassment, needlesticks, telephone triage, and quality assurance. A new Legal Tip logo highlights proactive, protective actions nurses can take, and an entire chapter explains step-by-step what to expect in a malpractice lawsuit.
