**Tony Wragg : Nutshells Family Law** before purchasing it in order to gage whether or not it would be worth my time, and all praised Nutshells Family Law:

Nutshells present the essentials of law in clear and straightforward language, explaining the basic principles. Features such as diagrams and checklists make them easy to use, while the inclusion of model questions and answer plans help

students test their knowledge. Nutshells are an essential revision aid and ideal for getting fully up to speed with a new subject.
