before purchasing it in order to gage whether or not it would be worth my time, and all praised Ohio Juvenile Law, 2009 ed. (Baldwin's Ohio Handbook Series):

This treatise on juvenile law is sized to carry with you for reference. The text covers all major aspects of juvenile law abuse, neglect, dependency, delinquency, unruliness, and traffic offenses and guides you through all steps in the court process. Presents expert analysis of recent statutory and rule amendments and new case law, as well as new material on constitutional rights of juveniles and parents.
