**Esq Rena M. Lindevaldsen : Only One Mommy: A Woman's Battle for Her Life, Her Daughter, and Her Freedom: The Lisa Miller Story** before purchasing it in order to gage whether or not it would be worth my time, and all praised Only One Mommy: A Woman's Battle for Her Life, Her Daughter, and Her Freedom: The Lisa Miller Story:

0 of 0 people found the following review helpful. Excellent Book!!! highly recommended for anyone involved in the gay lifestyle or is praying for someone who is  
By Kathleen Jane Carter  
This book is a wonderful presentation of the facts that have too often been distorted. Lisa Miller's story as it truly was. The author wrote this book based on the reality of poor lifestyle choices and the failure of our court system which placed 2 innocent lives at risk. Don't believe the negative reviews attempting to discredit the book. It is excellent and if I knew the income of the book supported other such rescues I would buy a hundred more copies.

By Watchman  
I thought that it was a truly balanced and insightful approach to the story. May everyone who want to know this story read this book.  
55 of 74 people found the following review helpful. Excellent book  
By Windinglanetoo  
Excellent book. Those who are giving this a low rating obviously have not read the book, but disagree with its premise. Lisa's journey and continued struggle will touch your heart. Every Christian library needs to have this book, and it is one of those books that you buy a few copies of to pass out to friends and your pastor. Only One Mommy is the most up to date on the custody battle and homosexual marriage debate I have read and it is both a call to action for Christians and a hopeful book of repentance and courage. I am so glad the author had the vision to write this. I am sure it is censored in libraries, so buying it is probably your only bet.

Have you ever wondered... "What can I do to help those involved in homosexuality?" "How extensive is the culture war over marriage and family?" "What are they exposing our children to in schools?" Or, perhaps... "Why should I even care?" This book answers those questions and more! Only One Mommy exposes the truth about the homosexual rights movement and its destructive consequences. Written from the vantage point of Lisa Miller's seven-year custody battle for her biological child against her former same-sex partner, Only One Mommy offers a first-hand account of how people are lured into believing that they are born "gay" and cannot change. As a result of that belief, they make life choices that have devastating consequences for our children, families, and freedoms. This book offers truth to those struggling with homosexuality, encourages churches to minister to those caught in the lifestyle, and stirs freedom-loving Americans to get involved in the culture war that is raging all around them. "Rena Lindevaldsen is a leading legal expert in the battle to defend traditional family and marriage. Written from the front lines of the cultural battle, Only One Mommy offers a rare glimpse into a woman's personal struggle with same-sex attractions and the seven-year legal struggle to keep custody of her biological daughter." Mike Huckabee, Former Arkansas Governor, Currently Host on the Fox News Channel, Chairman of Liberty Counsel Action "Lisa Miller's story illustrates the clash between two radically different worldviews. One will win, and one will lose. No one will escape this impending storm. This book should be required reading." Mathew Staver, Founder Chairman of Liberty Counsel, Dean of Liberty University School of Law, Chairman of Liberty Counsel Action Rena Lindevaldsen is an Associate Professor of Law at Liberty University School of Law and serves as Special Counsel to Liberty Counsel. Rena has written this book based on her first-hand experience as Lisa Miller's attorney, as well as on her defense of traditional marriage and family in courts throughout the Nation.
