Cari B. Rincker Esq. : Onward and Upward: Guide For Getting Through New York Divorce Family Law Issues before purchasing it in order to gage whether or not it would be worth my time, and all praised Onward and Upward: Guide For Getting Through New York Divorce Family Law Issues:

1 of 1 people found the following review helpful. A "Must-Have" for Those Contemplating or Going Through

DivorceBy Mallory J. StevensCari Rincker has done an excellent job in creating an all-encompassing guide for those contemplating or going through divorce. She's left no stone unturned. All of the contributing authors communicate their expertise in clear, "user-friendly" language that eliminates any mystery about the divorce process. The book not only sorts out issues such as dissolution of the marriage, parenting, spousal support, child support, distribution of assets and a myriad of other considerations, it also includes chapters on healing and moving on. A "must-have" for those contemplating or going through divorce.0 of 0 people found the following review helpful. Outstanding ResourceBy IraOnward Upward is a great resource for either an individual (considering divorce, or in the process of divorcing), or a professional in the field. This comprehensive book takes the reader through the steps of divorce, the issues they will face and discussions on aligned topics. The book, which includes chapters by both divorce attorneys and other professionals, includes both valuable tips and practical advice.4 of 4 people found the following review helpful. Helpful resource!By CustomerI had the opportunity to read the book in galley form and it's great. The experts assembled for this book are impressive and I know their guidance will be invaluable for couples and families going through divorce, so they can minimize the downside for themselves and go on to make a new, more satisfying chapter in life. The title reflects the upbeat tone of coming through a divorce not broken or devastated, but stronger.

This comprehensive divorce and family law book is truly one-of-a-kind. It offers the perspectives of attorneys and professionals on a myriad of family and matrimonial law topics, including issues regarding: CHILDREN (e.g., custody, visitation, support, paternity, child protective proceedings, adoptions, kidnapping); MARITAL DISSOLUTION (e.g., grounds for a divorce/annulment, spousal maintenance, equitable distribution, religious issues); SPECIAL COURT ACTIONS (e.g., family offense proceedings, conciliation proceedings, Persons In Need of Supervision); CONTRACTS (e.g., prenuptial/postnuptial agreements, cohabitation agreements, pet agreements, surrogacy agreements); ESTATE PLANNING THROUGH LIFES TRANSITIONS; and, DISPUTE RESOLUTION PROCESSES (e.g., litigation, mediation, collaborative law, neutral evaluation). What makes this book especially unique are the diverse viewpoints from non-lawyer professionals who aid people through these various life changes. To illustrate, the books authors include a parent coordinator, parenting coach, nutritionist, image consultant, mindfulness and lifestyle coach, personal trainer, credit repair professional, professional organizer, insurance professional, private investigator and real estate professional. This diverse approach adds invaluable depth and perspective to the reader. This book also offers information on social media, courtroom decorum, keeping legal fees down, choosing a qualified attorney, and community resources. There is truly something for everyone who is going through a family law dispute or transition. CONTRIBUTING AUTHORS: Maxine S.
