**Rod Dixon : Open Source Software Law (Artech House Telecommunications Library)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Open Source Software Law (Artech House

Telecommunications Library):

Provides a broad introduction to the area of software licensing in the information age. Helps professionals and students to understand the basic philosophy and key issues of open source license. Explains the legal framework that has been developed to support the increasingly popular Internet-based open source and free software community.
