Simon James Turner : Out on a Limb: A Single Father's Guide to His Family's Lore of the Jungle before purchasing it in order to gage whether or not it would be worth my time, and all praised Out on a Limb: A Single Father's Guide to His Family's Lore of the Jungle:

Out on a Limb, A Single Father's Guide to his Family's Lore of the Jungle, is a book that is not backward in coming forward, and nor can it afford to be. In the lives of modern Australian men many things are placed in the 'too-hard basket', and gaining the care of their kids after a divorce or separation is one of them. Written by a single father who journeyed into the jungle of family lore to find his son, this book contains simple and practical suggestions drawn from his experience and a chanced but valued conversation. It is not legal advice, nor is it gospel but what this contains is many answers to a multitude questions any single father on a similar journey will have. For when it's time for a father to make his journey through this jungle to find 'what's best for his kids', what he will discover is all he needs is some guidance, a lot of patience and a bit of help to reach an agreement. "Out on a Limb" is a much needed, practical, down-to-earth, easy read for any bloke battling to avoid a war and remain a father to his children. This book proves that strength is a virtue not a weapon, well done Simon." - Ian (Watto) Watson, (Founder of "Shed Happens" and author of "Every Bloke's a Champion... Even You!") www.outonalimb.com.au
