I'm the authorBy JoJust for everyone's information -- and my own ego -- although I am listed as the author of both the first and second editions of this book, and I did write the first edition, the second edition was produced without my participation. I take NO responsibility for the second edition. I am currently updating the book, and a third edition, written in the style of the first edition, will be available soon.Jo Lynn Southard13 of 19 people found the following review helpful. inaccurate titleBy A CustomerThis book's title is

completely misleading. The book is NOT about "finding and getting a great job" as the title suggests. More than half of the book is dedicated to paralegal training. Only 30 pages are actually about finding a job, and this is very, very general information. The remaining portion is about what happens once one has a job. I feel I completely wasted my money on this book due to its inaccurate title. 1 of 1 people found the following review helpful. Slow reading

This book starts off great, fast reading full of information, but then gets humdrum. Keep a dictionary with you while reading it.
