**Scott Hatch, Lisa Zimmer Hatch : Paralegal Procedures and Practices** before purchasing it in order to gage whether or not it would be worth my time, and all praised Paralegal Procedures and Practices:

Paralegal Procedures and Practices, 2nd edition, provides over 250 problems that help readers build skills on their own and assist instructors to check their students' knowledge of legal concepts. Exercises range from discussions of applying discovery documents to the various stages of litigation to preparing questions for client interviews and conducting library and Internet research for preparation of briefs. Correct answers can easily be checked with the answer manual, which is provided separately. The numerous legal research problems set forth in this workbook will greatly assist with the complete development of manual and electronic legal research skills. Hypothetical problems ask readers to apply legal concepts to situations that are similar to those encountered in a law office. The investigation chapter contains exercises that enhance readers' knowledge of evidentiary rules through numerous straightforward examples. The challenging content of Paralegal Procedures and Practices, 2nd edition, has been class-tested for more than twenty-five years by thousands of students in common law countries worldwide as a means of applying their

knowledge and comprehension of rules of civil procedure, evidence, legal analysis, manual and computerized legal research, legal writing, ethics, and more.
