**Robert Patrick Merges, John Fitzgerald Duffy : Patent Law and Policy: Cases and Materials** before purchasing it in order to gage whether or not it would be worth my time, and all praised Patent Law and Policy: Cases and Materials:

0 of 11 people found the following review helpful. GoodBy H. Y. KimThe condition of the book was better than expected. Shipping was prompt. Satisfactory.0 of 0 people found the following review helpful. Great BookBy SheepdogThis book is wonderful. It has everything you'd ever need to know about the history of patents, USPTO, cases describing everything related to 101, 102, 103, 112 first and second paragraphs as well as litigation and infringement. Everything is well documented and provides a through discussion on how IP became what it is today. This is coming from a non-practicing casual scholar.8 of 10 people found the following review helpful. Outstanding introductory text useful even to practitionersBy Roman MelnikHighly recommended even for seasoned IP litigators; although this is a casebook, it has very thoughtful notes reminiscent of Hart Wechsler's Fed. Courts casebook.
