Donald S. Chisum : Patent Law Digest before purchasing it in order to gage whether or not it would be worth my time, and all praised Patent Law Digest:

This reference tool gives you rapid access to every new Federal Circuit patent decision. It contains concise summaries of all patent decisions of the US Court of Appeals for the Federal Circuit. The digest offers timesaving features such as: a case chronology to help you spot new trends in patent law; a case table with full citations to locate cases and find the correct citation; and selected patent statutes and regulations zero in on the most important, frequently used regulations.
