Jochen Buhling : Patent Protection for Second Medical Uses (Aippi Law) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Patent Protection for Second Medical Uses (Aippi Law):

AIPPI Law Series Volume 2 Patent Protection for Second Medical Uses explains the key jurisdictional differences and

challenges in protecting and enforcing second medical use (SMU) claims. When a party proposes an SMU for a known substance or compound, special issues of patentability arise as they form an important component of the potential second-line patent protection. Jurisdictions around the world vary significantly in their treatment of such claims. This compendium of contributions from nineteen jurisdictions worldwide is the result of the need for a broader and more detailed exposition in SMU in order to allow comparison between jurisdictions.
