**Michael R. Fontham, Michael Vitiello, David W. Miller : Persuasive Written and Oral Advocacy in Trial and Appellate Courts (Coursebook Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Persuasive Written and Oral Advocacy in Trial and Appellate Courts (Coursebook Series):

0 of 3 people found the following review helpful. I haven't opened thisBy JuliannaI bought this because my legal writing professor required it, but we haven't done anything with it the whole semester. I imagine it is helpful for students, however I'll be selling this back.0 of 0 people found the following review helpful. Thorough, Informative,

ClearBy JudgemanI have seen Mike Fontham in action, and believe him to be one of the most effective advocates in the United States. He and his coauthors bring to this book a wealth of courtroom and classroom experience, enabling them to help the advocate--experienced or aspiring--to focus not only on technique but also on the ethical and legal bases for what he or she may (or cannot) do. I don't know that there are any better or more thorough single-volume treatments.1 of 1 people found the following review helpful. SubstanceBy just FrankThis book is excellent. A step-by-step guide on how to write like a lawyer. I graduated from McGeorge law school 12 years ago, and this is the one book that I kept and still use. The writing techniques and tricks are pure gold. I'm suprised this book's not more popular, but glad I can get a replacement copy if needed.
