Susan Bell : Peterson's Full Disclosure: Do You Really Want to Be a Lawyer? before purchasing it in order to gage whether or not it would be worth my time, and all praised Peterson's Full Disclosure: Do You Really Want to Be a Lawyer?:

11 of 11 people found the following review helpful. A great resource for those considering a career in lawBy A CustomerThis book gives the reader an accurate portrayal of law school and what lies ahead. The book does an excellent job of covering many different areas of law practice, such as litigation, corporate law, academia, etc. It also gets points for not sugar coating the truth, like many other books do. If you can find this before starting your path to a law career, by all means read it.1 of 1 people found the following review helpful. Saved me from law schoolBy pmsakThis book was required reading in undergrad, glad I read it! I am not a lawyer, but interface with the legal system regularly. So many more interesting things to do...

Compiled for the Young Lawyers Division of the American Bar Association, and updated to address the critical issues facing the legal profession in the aftermath of the glitzy and explosive 1980s, this delightfully candid book gives would-be lawyers an authoritative inside account of what really goes on in law school and law practice. Cartoons.
