Richard R. Abood : Pharmacy Practice And The Law (PHARMACY PRACTICE THE LAW) before purchasing it in order to gage whether or not it would be worth my time, and all praised Pharmacy Practice And The Law (PHARMACY PRACTICE THE LAW):

0 of 0 people found the following review helpful. Ambiguity interpreted to be more ambiguousBy Irwin DustinLaw is often not clear of what it says.The content of this book is wordly, lengthy, and confusing.The author often chose to use the word that is hard to understand.At least in my point of view, this book does not help much to understand the law,

but rather causes more confusion to its readers. The book should be more clear and concise if it wants to deliver the message. 0 of 0 people found the following review helpful. pharmacy student here
By E. Wasilewski
Needed the newer version of this book for a law class in pharmacy school. As boring a topic as law is, this book makes it easy to understand and is surprisingly easy to read never fell asleep mid-chapter ;)
