Angela Schneeman : Pocket Guide to Legal Ethics before purchasing it in order to gage whether or not it would be worth my time, and all praised Pocket Guide to Legal Ethics:

0 of 0 people found the following review helpful. Better than I thought it would beBy Tashinamu8This book was used as a textbook in my class. It is organized well according to its topics which are based upon the ABA's Model Rules of Conduct. Was easy to read and simplistic in approach - a real relief from otherwise heavy reading in other classes. I

dreaded the content, but found that after getting into it, that it isn't ethics in the broadest sense of the word, but how the legal profession is bound to a code of ethics as they pertain to law. Was a good starting point for class discussions. 0 of 0 people found the following review helpful. Five Stars By Di Full of ethics. If only more attorneys would read this! 0 of 0 people found the following review helpful. good By Mary great book to add to your paralegal library. It is a great guide for ethics and will explain the basics of ethics for the paralegal.

Pocket Guide to Legal Ethics is a concise, comprehensive guide to the rules of ethics for paralegal students and working paralegals. Focusing on the key rules of ethics, the text reviews the rules of ethics that attorneys are subject to and how those rules may apply to paralegals. In addition, Pocket Guide to Legal Ethics includes useful information tailored specifically for paralegals, including tips for ethical behavior, real-world advice and ethical guidance provided by various paralegal associations. Topical areas address in this resource include providing competent diligent representation of the client; maintaining integrity and public respect for the legal profession; avoiding the unauthorized practice of law; confidentiality; conflicts of interest; fees and financial matters; advertising and solicitation. The easy-to-use format, including checklists, charts, tables, and FAQs in each chapter make Pocket Guide to Legal Ethics a quick reference book that students will want to take from the classroom to the workplace.

I like this product very much. I also like the balance between the traditional legal ethics (attorney) viewpoint and the paralegal viewpoint. Angela's writing style is clear and readable. This text is much better than other texts in that it is easier to understand, it compares attorney ethics and paralegal ethics or issues, and covers the essential of legal and business ethics without the trivia. I will adopt it immediately for future use. About the Author Angela Schneeman is a writer, research specialist, and freelance paralegal. She has worked for law firms, corporate legal departments, and a major accounting firm. The author of five paralegal textbooks, Ms. Schneeman received her Legal Assistant Certificate and a Bachelor of Science Degree in Business and Legal Studies from the University of Minnesota.
