Edward A. Haman : Power of Attorney Handbook (Legal Survival Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Power of Attorney Handbook (Legal Survival Guides):

It was easy to read and simple to use. And, I have the CDs to see forms. Very satisfied! 0 of 0 people found the following review helpful. Read this before using an attorney. By L. Issen This is a well written book and easy to understand. Even if you use an attorney, you should read this book as you can tell the attorney what you want/need instead of spending billable time finding out what you need. I also recommend other law books by Sphinx Publishing. 5 of 8 people found the following review helpful. Forget it! By Andrew M. Gombos Jr. This book is a total waste of money. I found nothing of value in this book. It is thick because it contains copies of various forms for each state so you can use them as guides in making your own POA. Best to spend 100 bucks and get a lawyer!
