The book was listed as like new and it is for the most part. It has some writing in it, fortunately not too bad, and it looks like a kid with a crayon attacked one of the pages. Other than that it's in great condition. Now I just need to find out who wrote in it and interview and interrogate them, using practical aspects of course. 0 of 0 people found the following review helpful. Expected better but served its purpose. 0 of 0 people found the following review helpful. https://www.taylorandfrancis.com/dp/B004BY9BE2/ref=cm_cr_ryp_prd_ttl_sol_21 . By Glenford Taylor

What makes a person confess to a crime he did not commit? Was he coerced? Is he trying to protect someone else? Interrogation has come under attack as opponents focus on false confessions. However, most cases are still resolved by confession, not forensic evidence. Among the new topics covered in the Second Edition of this bestselling book, Practical Aspects of Interview and Interrogation focuses on why false confessions exist and how to avoid them. Written by two experts who have conducted over 15,000 interviews and interrogations from theft to homicide, this book expands on the valuable topics in the previous edition to include discussions of: Telephone interviewing, False Confessions, Field Interviewing, Sexual Harassment Interviewing, Confronting the Alleged Harasser, Pre-employment Interviewing, New Legal Aspects, Frequently Asked Questions. Covering the entire sequence of events that occur during the interview and interrogation process, this book provides a realistic building block approach that allows you to move from a preliminary accusation to an ultimate confession by applying practical rules to the process. It gives you the flexibility to select a number of different paths to proceed in an interrogation of a suspect. Useful in both the law enforcement and private sectors, Practical Aspects of Interview and Interrogation, Second Edition allows you to deal effectively with the complex problems of interviewing and interrogating victims, witnesses, suspects, and even potential employees.
