Clive Brand : Practice Notes Executorship and Administration of Estates (Practice Notes) before purchasing it in order to gage whether or not it would be worth my time, and all praised Practice Notes Executorship and Administration of Estates (Practice Notes):

This book is an excellent source of practical information relating to the powers, rights and duties of personal representatives responsible for handling an estate. It adopts a problem-solving approach and takes the reader step-by-

step through the stages of obtaining a grant of probate, giving guidance on all the administrative aspects concerned, including: providing the will, payment of inheritance tax, distribution of the estate, and paying out assets and debts. The book provides useful examples, flowcharts, specimen forms and precedents, as well as a comprehensive glossary of terms.

From the PublisherAs one of our popular Practice Notes series, this book is a particularly useful and informative text. Providing a detailed and descriptive review of the Executorship and Administration of Estates, Roland D'Costa has embellished upon the first edition with meticulous prowess and attention. We strongly recommend this new edition to all.About the AuthorRoland D'Costa, District Probate Registrar, Oxford.
