Richard W. Duff : Preserving family wealth using tax magic before purchasing it in order to gauge whether or not it would be worth my time, and all praised Preserving family wealth using tax magic:

2 of 2 people found the following review helpful. Discusses several viable techniques to reduce estate tax By Anurag Gupta Good use of diagrams to illustrate how specific techniques would work out. A good conceptual overview of various techniques. Sufficient info on each technique to allow you to decide which ones are likely to work best for you. Prepares you for a more meaningful discussion of alternatives with your estate planner.

This book offers the information you need to Reduce or eliminate the effects of wealth transfer taxes; protect your family's wealth from divorce settlements and malpractice suits; establish a trust in another country to protect your assets from future liens; insure adequate funds for future health care needs; guarantee that your assets and possessions will go to the beneficiaries of your choice; protect your children's inheritance from future estate taxes and creditors; and more. No matter what the size of your estate, this book can help you protect what you've already earned...plan for your later years...and provide for your family's future.
