before purchasing it in order to gauge whether or not it would be worth my time, and all praised Principles of European Family Law Regarding Divorce and Maintenance Between Former Spouses:

Three years after its establishment the CEFL presents its first Principles of European Family Law in the field of divorce and maintenance between former spouses. The Principles aim to bestow the most suitable means for the harmonisation of family laws in Europe. In this respect they may serve as a frame of reference for national, European and international legislatures alike. The Principles could considerably facilitate their task not only by virtue of the fact that the CEFL's in-depth and comprehensive comparative research is easily accessible but also because most of the rules have been drafted in a way legislatures normally consider to be appropriate.
