### **From Brand: Foundation Pr : Principles of Patent Law: Cases and Materials (University Casebook Series)**

before purchasing it in order to gage whether or not it would be worth my time, and all praised Principles of Patent Law: Cases and Materials (University Casebook Series):

Read about the fundamentals of patent law in language you don't need a law degree to understand. The book presents the patent law process sequentially, while highlighting the legal history and discussing the intricacies of law and technology. The authors use case studies, case notes, examples, and problems to illustrate points under consideration. Recognized authorities provide expert commentary and advice, from the viewpoint of both the attorney and the judge. Representative topics include obtaining the patent, utility, infringement, and remedies.
