Lobo Lobo : Pro se Reference before purchasing it in order to gage whether or not it would be worth my time, and all praised Pro se Reference:

Pro se Reference How I Sued a Lawyer for Malpractice -And How I Won!You Can Do It Too - Pro Se Pro se - For Yourself The Pro se Reference describes Lobo's experience in his successful quest to sue a lawyer for malpractice.

Included are the legal documents Lobo used to win his case, including an example of the actual lawsuit which Lobo researched, composed and filed, acting Pro se. There are financial templates that can be used to validate your damages. Information on the whole process; including Court appearances, Discovery, Depositions, Settlement, and Trial will illuminate the Pro se process. Also, written and screen shot illustrations show how to set up and use your computer, so that tool can be used effectively to fight your Pro se case. There are examples of the communications you will need to write, and respond to, in order to communicate with the various parties connected to your lawsuit. Of course, to be fair, there are some honest and ethical lawyers out there. Hopefully you mig

About the AuthorLobo, a Kentuckian, is an Honorably Discharged, Vietnam Era Veteran of the United States Coast Guard. Semper Paratus. Since his term of service in the USCG he has worked in the construction industry for most of his career. Working his way from carpenter to project management, did not prepare him for the task of representing himself 'Pro se' in a legal action. He had to learn to do this as he went. You can do it too. Pro se.
