before purchasing it in order to gage whether or not it would be worth my time, and all praised Problems in Legal
Ethics:

Intended for use in conjunction with the current edition of West's Professional Responsibility Standards, Rules Statutes. Each chapter begins with a set of problems for discussion in the classroom. For each major topic, background reading material illustrates the variety of sources a lawyer or judge can use when seeking answers to ethics questions. The materials include ethics rule, judicial opinions, ethics committee opinions, and excerpts from articles and books written by judges, lawyers, and law teachers. Supplemental readings from the ABA Model Code, from the Law of Lawyering by Geoffrey Hazard and William Hodes, from Modern Legal Ethics by Charles Wolfram, and from various drafts of the Restatement (Third) of the Law Governing Lawyers.
