Thomas A. Marrinson : Professional Liability Insurance (Insurance Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Professional Liability Insurance (Insurance Series):

Professional Liability Insurance provides complete, in-depth coverage, from the basics of professional liability insurance policies to complex issues that arise once a claim is made. How far must an insurer go to meet its duty to defend? What types of misconduct by professionals may be outside the scope of coverage? No matter which side you represent, this book will cut hours off your research and help you find the best solutions for your clients. This unique guide examines the variations on policy clauses in professional liability policies and how the courts interpret them. Topics include: types of professional liability insurance; defenses to coverage; claims submission and handling; insurer's duty to defend; considerations for particular professions; litigation strategy; and recurring issues, such as sexual misconduct and improper billing practices. Whether you are purchasing a new policy or litigating a claim, Professional Liability Insurance makes even the most complex issues understandable and accessible. It's the first book

to consult and the only one you will need.

About the AuthorMr. Marrinson is a partner in the Chicago office of Reed Smith LLP. He has experience in a wide variety of insurance coverage disputes, including those involving coverage for professional liability, DO liability, environmental cleanup, lead poisoning, and asbestos-related property damage claims. Mr. Marrinson frequently writes and lectures on numerous insurance coverage issues throughout the country. He is a graduate of UCLA School of Law (1989) and Columbia College (1986).
