Going beyond black letter law, the authors discuss trends, topics and issues in professional responsibility facing the lawyer today.I am a big fan of the Nutshell series. They are generally well written, and go

nice job of bridging the case law with meaningful analysis to the black letter law. The three key books in the study of law - a casebook, a Nutshell, and a black letter review book (like Gilbert of Emanuel). This Nutshell will certainly help you understand the Law or Professional Responsibility better. 0 of 0 people found the following review helpful.
