Thomas Morgan, Ronald Rotunda, John Dzienkowski : Professional Responsibility (University Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Professional Responsibility (University Casebook Series):

0 of 0 people found the following review helpful. What are we paying for?By Bluejay LawWorthless textbook. Absolutely worthless. To charge the price they do for this book should be a crime. Unfortunately, you likely are buying this for class, but let me reiterate that this book offers no guidance for the MPRE, and you would be better off snagging a free study guide off the internet. Advise your professors to avoid this book in your, "end of the year" reports, to hope others don't have to blow money for no reason other than to put it in the publishers wallet.0 of 0 people found the following review helpful. Good Book for Professional Responsibility ClassBy Law Clerk

BuyerGood book to use to teach a professional responsibility law school class. I took a class with this book and found it very useful and a good fit for the class. I was able to pass the MPRE on my first try after taking this class that used this book. I only leave 4 and 5 star reviews for products that I would purchase again and recommend to friends and family. 0 of 0 people found the following review helpful. I didn't feel like I was learning PR By Emily W. It was a textbook for class. I really was not a fan of the book. It has a problem and explanation layout that was a little irritating to read. I didn't feel like I was learning PR. Wish me luck on the MPRE.

Continuing the tradition that has made it a leader in its field, this casebook uses problems to provide an overview of lawyers' professional responsibility. One of the most rapidly changing fields in American law, professional responsibility sees new issues, rules and cases each year, all of which are covered in this book. The authors have carefully designed this Twelfth Edition to be familiar to long time users, and accessible to new ones. It continues its tradition of offering the most usable and up-to-date course materials to teach legal ethics and the law governing the practice of law. Since the last edition, published in 2011, the law has changed considerably. There have been: substantial changes in the ABA Rules of Professional Conduct adopted from the proposals of the ABA Ethics 20/20 Commission. Such changes include modifications to the confidentiality rules, the rules governing outsourcing, the choice of law regarding which professional responsibility rule to use, and provisions addressing contact with prospective clients. a complete update reflecting the significant changes in the legal profession that have affected law firms, lawyers, and law students. a substantial revision of the material dealing with advertising and solicitation. new court decisions and ethics opinions in particular, dealing with conflicts of interest, imputed disqualifications, and ethics related to the internet, chat rooms, electronic discovery, etc.
