**Desmond Manderson : Proximity, Levinas, and the Soul of Law** before purchasing it in order to gage whether or not it would be worth my time, and all praised Proximity, Levinas, and the Soul of Law:

Links the philosophy of Emmanuel Levinas to the common law legal tradition that refreshed the idea of the duty of care. The author argues that the ethicist and lawyer struggle with the basic questions of why we should care for others

and what responsibility really demands of us when we use the language of care, neighborhood, and proximity.
