Curt R. Bartol, Anne M. Bartol : Psychology and Law: Theory, Research, and Application (with InfoTrac) before purchasing it in order to gage whether or not it would be worth my time, and all praised Psychology and Law: Theory, Research, and Application (with InfoTrac):

1 of 1 people found the following review helpful. Psychology and the Law - usedBy Kandy M. CrawfordI love this book! Great resource for any cop on the job who goes to court a lot. Great things to know to keep in the back of your mind. Great research tool.The only problem is that I hate it when someone selling something used states, "minimum highlighting/markings, etc." and I get it is full of god awful colored blue or orange or pink highlighter that highlights things that makes no sense!? And the fact that it is messy highlighting. Please if you highlight, use a pleasant color and don't be messy about it!1 of 1 people found the following review helpful. Psychology and Law for DummiesBy C. SwansonThis book really helps the Psychology student gain a better understanding of what is needed to navigate

within the judicial system. It is clear and concise, the format is beneficial and the summary at the end of each chapter proved an excellent study guide for quizzes and exams. I would recommend this to any Law or Psychology student to gain a better insight of how the two fields work together. 0 of 0 people found the following review helpful. Five Stars
By edward davis
Everything arrived on time and works really good.

Known for its emphasis on research and its extensive integration of current cases and law, Curt and Anne Bartol's *PSYCHOLOGY AND LAW* offers balanced coverage the ways that psychology interacts with the legal system. The authors instill in students a critical understanding not only of psychological research within the context of law, but also a working knowledge of the legal system.

About the Author
Curt R. Bartol has been a college professor for more than 30 years, teaching a wide variety of both undergraduate and graduate courses, including biopsychology, criminal behavior, juvenile delinquency, introduction to forensic psychology, social psychology, and psychology and law. He earned his PhD in Personality/Social Psychology from Northern Illinois University in 1972. He was instrumental in creating and launching Castleton State College's graduate program in Forensic Psychology and served as its Director for 6 years. As a licensed clinical psychologist, he has been a consulting police psychologist to local, municipal, state, and federal law enforcement agencies for nearly 25 years. He is also the Editor of *Criminal Justice and Behavior*, the international journal of the American Association for Correctional Psychologists. In addition to *Introduction to Forensic Psychology*, he has written *Criminal Behavior: A Psychosocial Approach*, now in its sixth edition, and coauthored, with Anne Bartol, *Juvenile Delinquency: A Systems Approach*, *Delinquency and Justice: A Psychosocial Approach* (2nd edition), and *Psychology and Law: Theory, Research, and Application* (3rd edition). He has published extensively in the field of forensic psychology.
Anne M. Bartol earned an MA and a PhD in Criminal Justice from State University of New York at Albany. She also holds an MA in journalism from the University of Wisconsin-Madison. She has taught criminal justice, sociology, and journalism courses over a 20-year college teaching career, primarily at Castleton State College, and has worked as a journalist and a social worker in child and adolescent protective services. In addition to *Introduction to Forensic Psychology*, she coauthored, with Curt Bartol, *Juvenile Delinquency: A Systems Approach*, *Delinquency and Justice: A Psychosocial Approach* (2nd edition), and *Psychology and Law: Theory, Research, and Application* (3rd edition). She has served as book review editor of *Criminal Justice and Behavior* and has published articles on women and criminal justice, rural courts, and the history of forensic psychology.
