Understand better what you're learning in Professional Responsibility class and prepare effectively for exams by applying concepts as you learn them. This study guide includes 160 multiple-choice and short-answer questions arranged topically for ease of use during the semester, plus an additional set of 48 questions comprising a comprehensive "practice exam." For each multiple-choice question, Professor Longan provides a detailed answer that indicates which of four options is the best answer and explains thoroughly why that option is better than the other three options. Each short-answer question is designed to be answered in fifteen minutes or less. For these questions, Professor Longan provides a thoughtful, comprehensive, yet brief model answer.
